NATIONAL BUYER/SELLER FORUM FEATURE PRESENTATION

PETER TERTZAKIAN

Internationally Recognized Energy Expert, Economist and Author

WEDNESDAY, MARCH 24, 2010
LUNCHEON KEYNOTE

Peter Tertzakian is the Chief Energy Economist of ARC Financial Corporation and bestselling author of:

**A Thousand Barrels a Second: The Coming Oil Break Point,
The Challenges Facing an Energy Dependent World, and
The End of Energy Obesity: Breaking Today's Energy Addiction
for a Prosperous and Secure Tomorrow.**

During this special NBSF presentation, Tertzakian will examine the transformation of the global energy sector through economic, environmental and geopolitical pressures. Passionate about the history and direction of energy in society, Tertzakian blends three decades of experience to constantly analyze energy trends.

His perspective is both unconventional and uniquely qualified. As an experienced geophysicist he understands the challenge of finding and developing new sources of crude oil and natural gas. As an economist and historian, he understands the context and provides timely, valuable insight into the energy markets of today and tomorrow.

**Don't miss the opportunity to hear from this renowned,
sought after speaker!**
